Out of Box thinking for problem solving

To setup entrepreneurship, individual has to think out of box. In this regards MIC has organized lecture of Prof. Kamakoti on the topic “Out of Box thinking for problem solving”. Mr. Udyan Mourya introduced Prof. Kamakoti. Dipen Sahu expressed the motto behind organizing such type of sessions.

Prof. V. Kamakoti expressed that to be a successful entrepreneur you should think differently. He gave excellent example of apple, knife and stone to explain objective of the session. He said you have to nourish your brain with certain skill to think out of box. He told focus on critical thinking, creativity and problem solving. He gave several arithmetic examples.

The session was very useful and fruitful for all participants and students.
