## 1.2 NAAC Revised Accreditation Process

**Proposed by: Prof. Dr. G.B. Kalyanshetti**

He presented the next issue of the NAAC Revised Accreditation process. He expressed that NAAC has initiated Reforms in January 2024 and told to the members that our college has become eligible from 1<sup>st</sup> July 2024 in revised framework. As per NAAC announcement, he further said, HEIs with valid accreditation as per old RAF whose validity is expiring between 1<sup>st</sup> July 2024 and the date of launch of MBGL shall be extended for 3 months after the launch of MBGL. He explained that in upcoming reforms, there are Two levels of Accreditation namely Binary & Maturity Based graded Level, manuals for which is awaited. He further said that he attended NAAC Workshop on A & A reforms on 19<sup>th</sup> March 2024 in which NAAC gave guidelines regarding 10 new Metrics. He said that NAAC will focus on Input, Process & Outcomes involving 63 Key indicators. NAAC in its revamped process would focus on **Impact** covering Curriculum Design, Faculty, Infrastructure and Finance. In **Process**, Learning & Teaching, Extended Curricular Engagements and Governance and Administration will be considered. Under **Outcomes**, Students' outcomes, Research & Innovation and Sustainability aspects will be covered. He further said that Executive Committee of NAAC Hon. Dr. Anil Sahastrabuddhe had been recently at SPPU Convocation Address on 29<sup>th</sup> September 2025 as a Chief Guest. According to him, about 82% HEIs across India have not been accredited by NAAC and only 400 universities are accredited by this time. Dr. Sahastrabuddhe said that revised Accreditation framework will be published in about 2/3 months and old methodology will be replaced with the Launch of Basic Accreditation Framework. Then IQAC Coordinator elaborated on the revamped process stating that earlier Accreditation was for a five-year period and the revamped process will be of just three years. "The basic process of accreditation will be fully online with no field visits. He said that this is a major step in simplifying the process. After the basic accreditation, a new system of gradation will be introduced by NAAC signaling Maturity-Based Graded Accreditation with five levels: Level 1 and Level 5. Colleges and universities will upgrade one level after another. Level-1 and Level-2 are relatively easy & carried online. Level-3 will be a hybrid one with online and field visits. Institutions which already offer a high standard can directly apply to a higher level rather than approach the process step by step. Level-4 and Level-5 will be extremely difficult to obtain and have stringent qualifying criteria. Only be awarded to institutions offering education on par with international standards.

To this, the Chairperson Dr. Mohan Rajmane asked the Coordinator to start the preparation for Basic Accreditation once the guidelines will be announced and about the MBGL, he asserted, the decision will be taken.

He requested the members to approve of the issue.

All the members approved of the issue.

The same is approved and resolved.
