4.3.1 Institution has an IT policy covering Wi-Fi, cyber security, etc., and allocated budget for updating its IT facilities.

Yes, The IT Policy of the college covers relevant ethical aspects of internet use on the campus and instructs all stakeholders on how the network facilities of the college may be used in accordance with the existing laws and regulations of the nation. Users of network facilities on the campus are required to agree not to use the same for illegal or unethical activities. They are also required to refrain from any activities resulting in compromising the data security and integrity of the cyber infrastructure of the institution. The policy is regularly revised, and the latest version is available on the college website. Any monetary or other damage arising from not following the rules stipulated in the policy will be deemed as the liability of the user responsible for the same.

An IT Policy designed to prevent internal and remote data breaches.
