Study Tour Report M.Sc.I and II

Academic Year 2022-2023

1) **Class** – M.Sc Part I and II

2) **Subject-** Zoology

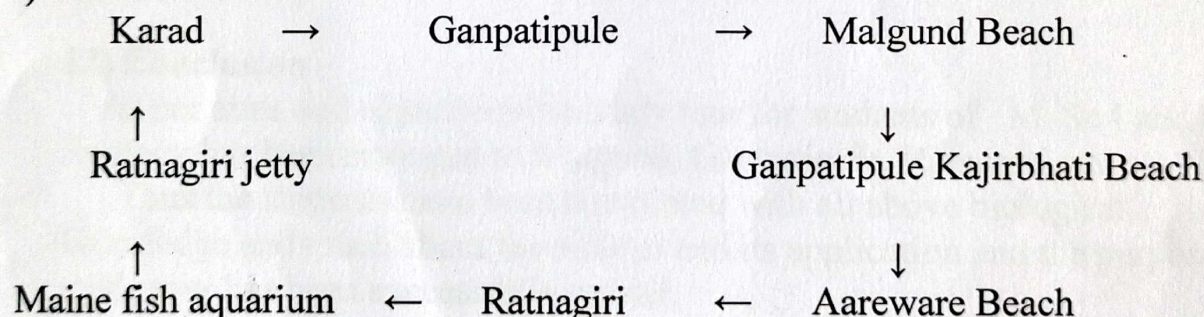

3) **No. of students participated -** 18

4) **Places of visit-**

- i. Malgund Beach
- ii. Kajirbhati Beach, Aare ware Beach and Prachin Konkan at Ganpayipule
- iii. Ratnagiri Marine fish aquarium

5) **Date and Duration** - From 22nd November 2022 5.30 a.m
to 23rd November 2022 11.30 p.m.

6) **Route Of Tour-**

7) **Mode of Travel** – Bus

8) **Organizing Department-** Department of Zoology
S.G.M. College, Karad

9) **Tour Incharge-** Mr. Ranbhare V. S.

10) **Other Staff** – 1) Dr. I. N. Khan - Escort
2) Mr. A. R. Nagvekar - Escort

11) Aims and Objectives-

- i. To study the environmental conditions of maine environment.
- ii. To see the ecological habitats as they are important to support the marine fauna and flora.
- iii. To study the modern lab equipments to study the principle in animal sciences.
- iv. To see the research laboratory in order to know the modern methodologies in investigations.
- v. To see and know the rare animals in marine ecosystem , museum and research institute.
- vi. To see the museum and live animals conservation.
- vii. To see the marine water systems such as sea and estuarine water systems. Especially impoundments which are used for conservation of habitats and also for development of human society.
- viii. To study the various pollution in different habitats .
